

# India: Maharashtra Feeder Separation and High Voltage Distribution System Project

Project Name	Maharashtra Feeder Separation and High Voltage Distribution System Project		
Project Number	50193-001		
Country	India		
Project Status	Active		
Project Type / Modality of Assistance	Technical Assistance		
Source of Funding / Amount	TA 9282-IND: Maharashtra Feeder Separation and High Voltage Distribution System Project		
	Technical Assistance Special Fund US\$ 225,000.00		
Strategic Agendas	Environmentally sustainable growth Inclusive economic growth		
Drivers of Change	Governance and capacity development		
Sector / Subsector	Energy - Electricity transmission and distribution		
Gender Equity and Mainstreaming	Some gender elements		
Description	The technical assistance (TA) is included in the India country operations business plan, 2016-2018. A stand-alone fact-finding mission was not fielded as sufficient information had been gathered based on ongoing studies and consultation missions to proceed with TA processing. The TA is being processed separately and in advance of the concept paper for the expected Maharashtra Feeder Separation and High Voltage Distribution System Project to allow timely deployment of required consultants so that the processing team can plan for fact-finding mission in 2017. The Government of Maharashtra is considering the Asian Development Bank (ADB) lending assistance of about \$400 million to finance th government's investment plan for electricity distribution to be taken up by the Maharashtra State Electricity Distribution Company Limited (MSEDCL).		
Project Rationale and Linkage to Country/Regional Strategy	The impact will be readiness for implementing a program to improve sustainability of power supply in selected urban and rural areas of Maharashtra by 2020 strengthened and is aligned with the objective of Maharashtra's Power for All program. The outcome will be a well-designed feeder separation and high voltage distribution system project developed. The outputs will be sector, financial, economic, safeguard, and technical due diligence reviews of the components of the proposed project completed.		
Impact	Readiness for implementing a program to improve sustainability of power supply in selected urban and rural areas of Maharashtra by 2020 strengthened.		

# **Project Outcome**

Description of Outcome	A well-designed feeder separation and high voltage distribution system project developed
Progress Toward Outcome	
Implementation Progress	
Description of Project Outputs	Sector, financial, economic, safeguard, and technical due diligence reviews of components of the ensuing project completed.
Status of Implementation Progress (Outputs, Activities, and Issues)	
Geographical Location	

### **Summary of Environmental and Social Aspects**

**Environmental Aspects** 

Involuntary Resettlement

**Indigenous Peoples** 

#### Stakeholder Communication, Participation, and Consultation

**During Project Design** 

**During Project Implementation** 

#### **Business Opportunities**

Consulting Services The TA will require 11 person-months of international consulting services to support the reviews of the technical design and undertake due diligence. ADB will hire individual consultants in accordance with the ADB's Guidelines on the Use of Consultants (2013, as amended from time to time). The proceeds of the TA will be disbursed in line with ADB's Technical Assistance Disbursement Handbook (2010, as amended from time to time).

Procurement none

## **Responsible Staff**

Responsible ADB Officer	George, Len V.
Responsible ADB Department	South Asia Department
Responsible ADB Division	Energy Division, SARD
Executing Agencies	Asian Development Bank 6 ADB Avenue, Mandaluyong City 1550, Philippines

#### **Timetable**

Concept Clearance	-
Fact Finding	-
MRM	-
Approval	15 Dec 2016
Last Review Mission	-
Last PDS Update	29 Mar 2017

#### **TA 9282-IND**
