

## India: Visakhapatnam-Chennai Industrial Corridor Development Program - Project 1

Project Name	Visakhapatnam-Chennai Industrial Corridor Development Program - Project 1	
Project Number	48434-003	
Country	India	
Project Status	Approved	
Project Type / Modality of Assistance	Loan	
Source of Funding / Amount	<b>Grant 0495-IND: Visakhapatnam-Chennai Industrial Corridor Development Program - Project 1</b> Urban Climate Change Resilience Trust Fund under the Urban Financing Partnership Facility US\$ 5.00 million	
	<b>Loan 3430-IND: Visakhapatnam-Chennai Industrial Corridor Development Program - Project 1</b> Ordinary capital resources US\$ 245.00 million	
Strategic Agendas	Environmentally sustainable growth Inclusive economic growth Regional integration	
Drivers of Change	Governance and capacity development Partnerships Private sector development	
Sector / Subsector	<b>Energy</b> - Electricity transmission and distribution <b>Industry and trade</b> - Large and medium industries <b>Transport</b> - Road transport (non-urban) <b>Water and other urban infrastructure and services</b> - Urban water supply	
Gender Equity and Mainstreaming	Effective gender mainstreaming	
Description	The Visakhapatnam-Chennai Industrial Corridor Development Program (VCICDP) will complement the ongoing efforts of the Government of Andhra Pradesh (GoAP) to enhance industrial growth and create high quality jobs. The VCICDP comprises a multitranche financing facility (MFF), a grant, and a policy-based loan (PBL). The MFF and the grant will support priority infrastructure investments in the Visakhapatnam- Chennai Industrial Corridor (VCIC), and the PBL will support policy reforms and institutional development in the state.	
Project Rationale and Linkage to Country/Regional Strategy	To lay the foundation for a long-term investment program, ADB supported the preparation of a conceptual development plan and a regional perspective plan for the VCIC, which included an infrastructure strategy to drive economic growth and the identification of nodes for industrial development, high-potential industrial sectors, and a set of priority projects. The conceptual development plan indicated that the VCIC, with its long coastline and strategically located ports, provides multiple international gateways to connect India with vibrant global production networks. The regional perspective plan identified the VCIC's high potential for generating additional employment and industrial output, which can be achieved from 2015 to 2045. ADB is continuing its support to the GoAP with strategic planning for a long-term, phased investment plan, among others, through master planning of the four identified industrial nodes. The VCICDP will build on the existing concentration of industries and increase the density and flow of economic activities along the VCIC in a business-induced scenario against a business-as-usual scenario. The VCICDP is in line with ADB's country partnership strategy for India.	
Impact	Contribution of the manufacturing sector to the gross domestic product, trade, and employment of GoAP increased	

## Project Outcome

Description of Outcome	Growth and competitiveness of the VCIC enhanced
Progress Toward Outcome	
<b>Implementation Progress</b>	
Description of Project Outputs	Visakhapatnam Chennai Industrial Corridor infrastructure strengthened and more resilient Institutional capacities, human resources, and program management strengthened

Status of Implementation Progress (Outputs, Activities, and Issues)

Geographical Location

## Safeguard Categories
